

MediNotes Client Appreciation Program

Eclipsys and Allscripts have merged to form the new Allscripts. As a MediNotes client, you are now part of the largest connected community in healthcare and all the benefits that provides. We understand your ambulatory needs, and are committed to helping you achieve your practice's goals.

Welcome to the Latest & Greatest Technology

We value you as a client and will help you become Stimulus Ready. Consider Allscripts MyWay – the simple, complete, affordable solution designed specifically for smaller practices.

Simple. Affordable. Complete.

MyWay is designed to work the way your practice works while providing the key features you require in a combined healthcare solution.

> Simple: Features such as adaptive learning and template-free charting create an easy-to-use environment for everyone in your practice.

> Complete: One unified database makes sharing clinical and business information effortless and seamless across your practice. It includes rich clinical content specific to your specialty and provides comprehensive reporting to support all aspects of your practice.

> Affordable: Available with no payments until the 7th month and low monthly fees thereafter, MyWay does not require a large up-front investment or IT staffing.

Allscripts MyWay can help to increase practice efficiency and profitability while reducing your technology concerns. There is a better way: it's Allscripts MyWay. And MyWay will be ARRA-certified to qualify for federal Stimulus incentives. We guarantee it!

Rest assured, you too will be a happy Allscripts client.

“As a long-time MediNotes user, conversion of clinical data to MyWay was extremely important. Moving the image files was seamless and quick - the entire process only took a few days.

The conversion specialist dialed into the system during off-hours so the practice wasn't interrupted and the data was converted efficiently and effectively.”

- MediNotes to MyWay client

- No Money Down
